# GREETING

## TO MY KIND FRIENDS AND PATRONS:

I embrace this opportunity in thanking all old customers for their liberal patronage and hope through honest dealings to gain a continuance of the same.

I want everyone to understand I do not handle cheap seeds. My prices are very low, but my seeds are the best to be obtained. To strangers who may receive this price list, I ask a careful examination and comparison with others with the assurance that a trial order shall receive my greatest care and attention.

I am no doubt the youngest man, in age, in the seed trade and I ask you to give me a share of your valuable trade. It shall be my aim to supply you with only the best at all times. I want every one who receives this catalog to give me at least a trial order (if it amounts to only 10c.) I want you to try my seed. Write me at all times upon any subject as you would a friend. I am always pleased to hear from my many customers.

Thanking you for your future business and wishing you a prosperous New Year, I am

Sincerely Yours at Command,

**WILLIAM D. BURT.**

---

### Suggestions to Buyers.

**HOW TO ORDER**—Always write name plain and keep copy of your order. Use order blanks when you have them.

**REMITTING MONEY**—Cash should always accompany the order. Send all money by P. O. Money Order or Registered Letter. Never send money loose in your letter.

**STAMPS**—Please do not send stamps for amounts over 25c. If you are obliged to send stamps, send 1c stamps.

**SHIPPING**—If goods are to go by freight or express, be sure to send plain shipping directions.

**POSTAGE**—I pay postage on all seed ordered by package, ounce, pound or quart or on bulbs, etc. No order will be accepted less than 10 cents. Seeds ordered by bushel or 100 pound lots are sent by freight or express, purchases to pay charges.

**GUARANTEE**—I guarantee my seeds the best, so far as that I hold myself ready to refill the order anew gratis to the same amount, should they prove defective in any way.

**ADDRESS**—Send all orders to and make all orders payable to

**WILLIAM D. BURT, DALTON, N. Y.**

# CHOICE SELECTED FARM SEED

 Grass Seed Prices subject to Change Without Notice. 

---

The greatest care is exercised to have My Farm Seeds of the very highest quality in every respect. My largely increased sales from year to year is evidence that my farm seeds give entire satisfaction.

My seed grain is grown and treated especially for seed, carefully selected and cleaned, and will be found first-class in every respect.

My prices, include bags for shipping—bags extra at cost, and are as low as can be made at the present time on the grades of seed we supply.

Order early, then shipments can be made by freight in time for planting at much less cost than by express. It will also give time for testing by purchasers.

Special quotations will be given on larger quantities than here quoted, on application.

---

## Best Early Yellow Flint Corn in Cultivation.

**Mammoth 8-Rowed Early Yellow Flint**—By all means grow it. This is a splendid Extra Early Yellow Flint Corn and has proven to be all that is claimed for it. The ears are large size, being the longest of any variety of flint corn that is grown. This variety has been grown for years by an expert corn grower who has kept the seed for seed stock. It is the purest, handsomest, heaviest yellow flint corn in this country. It grows to a good height and stalks often bear from 2 to 4 large ears with good cultivation. Many farmers claim to have grown as high as 240 bushels from one peck of seed and it fully matured within 85 days from planting. Everyone who wants a splendid yellow flint corn, selected from the finest stock in the country, should place their orders at once, and at the low prices I offer it there is no reason why every farmer cannot change his seed. Price of extra selected stock, per pt. 8c;  $\frac{1}{2}$  pt. 12c; pt. 20c; qt. 35c by mail postpaid. By express or freight not prepaid,  $\frac{1}{2}$  pk. 40c; pk. 60c;  $\frac{1}{2}$  bu \$1.00; bu \$1.50.

## DWARF ESSEX RAPE.

Probably no plant has ever jumped into favor as quickly as Rape. Under favorable conditions Rape is ready to pasture in six weeks, and will furnish the most green fodder of any plant grown.

Try it, 4 lbs. per acre. Lb. 10c. (Postpaid 18c lb.)

## The World's Wonder Collection.

---

The seed which forms this collection has been selected by my agents from every country on earth; from cold Greenland, from hot Africa, from the Islands of the sea, from the tops of the highest mountains, from the wilds of India, from the royal gardens of China and Japan. It has taken me several years to get this collection together, and now I have a collection of seed to give my customers that has never been equalled before, and there is a great surprise in store for those who get this lot of seed. I guarantee that it will contain 100 kinds of the Wildest Seeds on earth.

This package of seed will give you one of the grandest Flower Shows ever seen in your town, as it contains Flowers which have never been seen before in this country. It will make you a bed 20 ft. square.

The colors are dazzling in all shades of the rainbow, in a mixture of dottings and stripes, flowers all sizes, shapes and kinds, such as are seen by the Turks, Japanese, Spaniards, and in fact every nation on earth.

I have been to a great expense to get this collection for my customers and am offering it now to my friends at the low price of 15 cents per packet, or FREE with an order of seed to the amount of 50 cents.

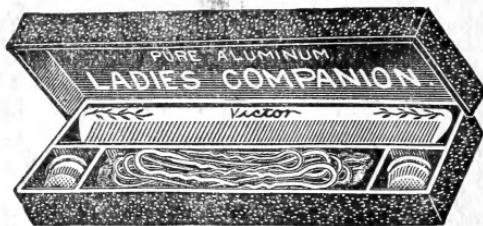

## Mand's Wonder Forage Plant.

We know of no forage plant, and we believe there is none in existence, that will give as heavy yields of forage as Mand's Wonder Forage Plant. In all sections of this country where corn can be grown, this plant will succeed. It will certainly supplant as a forage plant, sorghum, kaffr corn, and milo maize. It is easier to grow than corn or any other forage crop, producing a large amount of fodder at a cost of less than \$1 a ton. Price Mand's Wonder Forage Plant, per pkt. 10c, 1-4 lb. 20c, lb. 70c, 5 lbs. \$3; postpaid.

## Velvet Lawn Grass

The Velvet Mixture contains all of the very best varieties of grasses suited for the purpose of making a Lawn beautiful in appearance, durable and lasting, and which will stand the frosts of winter and the hot sun of summer, showing a deep rich green at all seasons. We make only one mixture of this Velvet Lawn Grass, and it can be sown with equally good effect on Terrace, Polo, Tennis or Park Grounds, while it is especially adapted for a beautiful home or residence lawn. The seed used is pure and heavy and especially cleaned, and the finest ever offered. Price, bushel of 20 lbs. \$4; peck, 5 lbs., \$1.10; less than peck quantity, per lb. 40 cents, per quart 25 cents.

## THIS BOY'S KNIFE FREE

Given with a \$1.00 order for seeds only.  
Four blades. Japanned handle octagon,  
congress style, polished India steel. By mail.

# Green Mountain Oats.

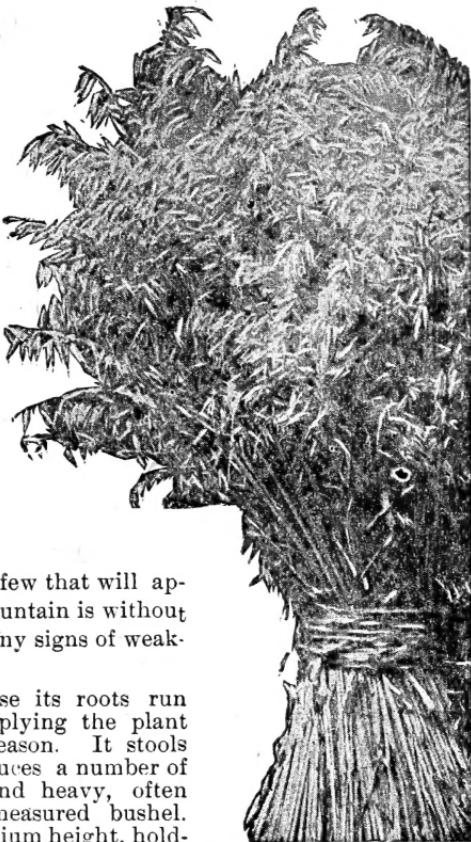

The Most Productive and Profitable of All Oats.

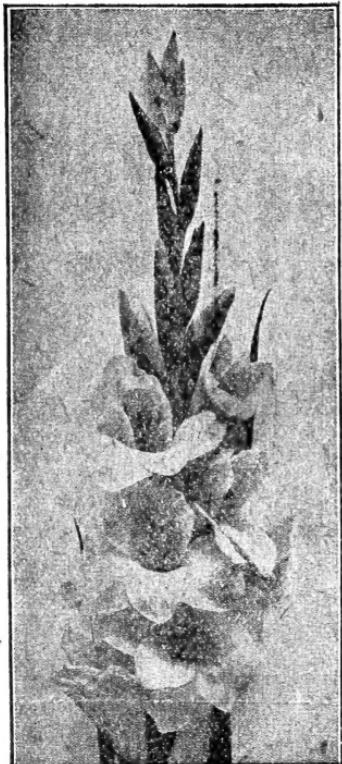

The claims which we make for this variety are fully substantiated by the numerous testimonials which we receive from our patrons who have grown them in comparison with other varieties, which were highly recommended and claimed to be "the heaviest yielders." While we have never claimed as large yields for the Green Mountain as are claimed by some for some others, we claim that when grown side by side with other varieties, there are none which will average better or produce larger average crops, and but very few that will approach them. The Green Mountain is without a peer. It has never shown any signs of weakness.

Why is it so good? Because its roots run deep into the soil, thus supplying the plant with moisture even in a dry season. It stools out and a single plant produces a number of large heads. It is plump and heavy, often weighing 36 to 40 lbs. per measured bushel. The straw is very stiff, of medium height, holding up its large well-filled heads, on the richest ground when other varieties lie flat. Your money invested in Green Mountain oats for seed will yield a profit of 200 to 300 per cent in the increased yield you will get over the common kinds you have been planting.

The extra cost of seed of the Green Mountain over common oats is so slight that no one can afford to plant the old varieties. A change of seed once in two or three years is absolutely essential to growing good crops, and when a change is made, get the best variety possible. We are pleased to be able to offer our patrons a fine stock of our Green Mountain oats.

Price per 2 oz. pkt. 10c, or 3 pkts. for 25c; per lb. 30c, or 3 lbs. for 75c, by mail postpaid. By express or freight, at purchaser's expense: Per measured peck 40c; per legal bushel, (or 32 lbs.) \$1.10; two bushel or more at \$1.00 per legal bushel.

## The Surprise Bulb Collection.

For only 50 cts. I will mail, postpaid, the following 40 large bulbs. All free from rot, sound and sure to grow:
